Professional Summary

Computer Science & Engineering graduate with a solid foundation in JavaScript (ES6+), HTML, CSS, and C++, and hands-on experience building an AI-powered bilingual app with the Google Gemini LLM API, text-to-speech, and speech recognition. Strong debugging mindset and fast learner, seeking to grow as a Conversational AI Developer building and testing multilingual conversational flows and API integrations.

Education

Bachelor of Science — Computer Science and Engineering	2022 – 2026
Gono Bishwabidyalay, Savar, Dhaka	CGPA: 3.52 / 4.00
Higher Secondary Certificate (HSC) — Science	2020
BEPZA Public School and College, EPZ, Savar, Dhaka	GPA: 5.00 / 5.00
Secondary School Certificate (SSC) — Science	2018
BEPZA Public School and College, EPZ, Savar, Dhaka	GPA: 5.00 / 5.00

Skills

Programming: HTML, CSS, JavaScript (ES6+), C++, Dart

Conversational & Generative AI: Prompt Engineering, LLM Integration (Google Gemini), Text-to-Speech (TTS), Speech Recognition (STT)

Databases: MySQL (basic)

Tools & Software: VS Code, Git & GitHub, MS Office, Google Workspace, Notion

Soft Skills: Problem Solving, Debugging, Team Collaboration, Fast Learner

Projects

KidLearn AI-Powered Bilingual Learning App	Flutter, Dart, Google Gemini API
Team project	GitHub

- Co-developed a cross-platform learning app for children with English and Bangla support, covering alphabet, math, drawing, AI story, and speech-practice modules.
- Integrated the Google Gemini API to generate personalized stories (with moral lessons and comprehension questions) and to recognize handwriting, working with prompt design and API responses.
- Implemented text-to-speech narration and speech recognition with real-time pronunciation feedback in English and Bangla, with persistent language preferences and a modular feature-based code structure.

Password Security Tool	HTML, CSS, JavaScript
Personal Project	GitHub Demo

- Built a browser-based tool with customizable password length and character sets; verified each requirement through structured manual testing and documented usage clearly.

Personal Portfolio	HTML, CSS, JavaScript
Personal Project	GitHub

- Planned and built the site independently from scope to deployment, using Git and GitHub so every change was traceable and reviewable.

Extracurricular Activities

Member, GBPC(Gono Bishwabidyalay Programming Club)	July 2023 – Jan 2026
Gono Bishwabidyalay, Savar, Dhaka
